

# mycotrap<sup>Ufac</sup>

The independently tested, **broad spectrum** mycotoxin adsorbent for all classes of livestock

## Key Features:

- ✔ Independently tested
- ✔ Adsorbs: Aflatoxins B1, B2, G1, G2 Fumonisin B1 & B, Ochratoxin A Deoxynivalenol (DON) Zearalenone (ZEN) T-2, HT-2
- ✔ Absorbs mycotoxins at a wide PH range
- ✔ Non- digestible
- ✔ Added Glycerine
- ✔ Can be used at a low inclusion rate

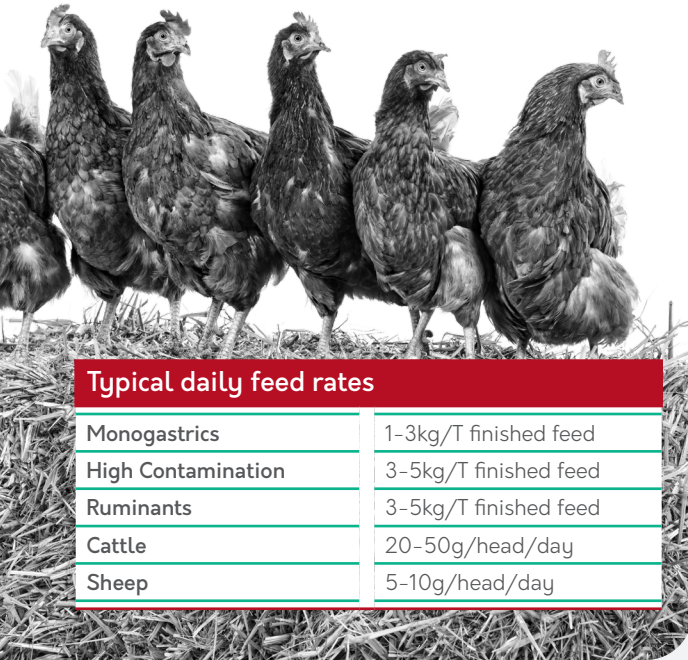

The independently tested and enhances, broad-spectrum mycotoxin absorbent for all classes of livestock.

Mycotoxins have a significant impact on health and performance and can be found in home grown and imported feed stuffs, feed ingredients, forages and bedding materials. mycotrap incorporates specific activated clay minerals with added glucose pre-cursor, Glycerene, to provide enhanced toxin control and improved liver function.

## Key Benefits:

- ✔ Healthier gastro intestinal tract lining better immunity to disease challenge
- ✔ Fewer toxin related disorders
- ✔ Improved daily feed intake
- ✔ Higher daily live weight gain
- ✔ Low cost & effective
- ✔ Absorbs mycotoxins at a low pH
- ✔ Increased milk production
- ✔ Increased egg production
- ✔ Improved hatchability
- ✔ Improved rates of conception
- ✔ Reduced embryonic mortality
- ✔ More numbers born alive

Mycotoxin Binder

Health

All Animals

No Palm Oil

Eco Friendly

Made in the UK

### Typical daily feed rates

Monogastrics	1-3kg/T finished feed
High Contamination	3-5kg/T finished feed
Ruminants	3-5kg/T finished feed
Cattle	20-50g/head/day
Sheep	5-10g/head/day
